
2023 HARVEST POLICY

Effective September 1, 2023

- Fall contracts must be filled before any grain can be put on Priced Later (DP) or Open Storage
- Tickets must be marked with disposition, ownership & splits when unloaded
- Storage rate \$.05 per bushel per month
- Any grain on Priced Later (DP) cannot be applied to future or existing contracts
- Policies subject to change as market conditions and available space dictate
- There will be no averaging of loads during harvest
- Destination grades will be used for on farm pickup
